Object: 7.4/98/1/C Mini EURO Conference in Budva, YU, Sep-17-19, 1997

Final report from EURO Vice-President 2

Unfortunately, at this date no detailed report is available from the direct organisers of this EURO event, but two prominent participants addressed a statement to me.

First, I received one from Pr Radivoj Petrovic, YU representative in EURO/IFORS: he reported that the conference was attended by 50 participants from all over the world and generally these participants expressed their very positive view on the organisation and the content of the conference.

The EURO Executive Committee was, upon my special request to the organisers, officially represented at this conference by Dr Maurizio Bielli, co-ordinator of the EURO Working Group on Transportation.

He also reported that the participation and organisation of the Mini EURO Conference were quite good.

Furthermore, out of this conference, the initiative for organising the 11th Mini EURO in Finland in August 1999 was born.
