MathSport Asia 2024 International Conference
December 9-11, 2024

MathSport Asia seeks to promote the application of mathematics and statistics to all aspects of sports by bringing together various stakeholders: academicians, sports people, sports bodies, industry, sports academies, sports leagues and the government.

Call for Papers

We invite you to participate in the Mathsport Asia 2024 International Conference.

We invite you to submit abstracts, competitive papers and working papers. Some of the important topics include:

- Mathematical Models in Sports
- Optimization in Sports
- Statistics and Probability Models
- Match Outcome Models
- Game Theoretical Models
- E-sports (gaming)
- Econometric Modeling of Sports
- Betting and Sports
- Sports Management
- Para Sports
- Role of AI in Sports

However, call for abstracts/papers are not limited to the sub-topics mentioned above. Papers that address any aspect of sports using computational/ mathematical/ statistical analytical approaches are welcome.

Authors are invited to submit abstracts of at most 2000 characters (space included). Abstracts should mention 3-5 keywords and should be written in English.

Abstracts must be submitted through the Microsoft CMT https://cmt3.research.microsoft.com/MathSportAsia2024/Submission/Index. Check conference website for information regarding Conference Proceedings of full papers.

About IIM Udaipur

IIM Udaipur, a second-generation IIM, one of the fastest-growing management schools in the country. It was set up by the Indian Government in 2011. Taking the legacy of older IIMs forward, IIMU aspires to set new benchmarks in the field of management education by combining excellence in both teaching and research.
